## Maths and Science in Year 1

In maths the children have been using halving and doubling within problems.

Our new Science topic is Sound. We will be looking at where sound comes from and how we hear it. We will be investigating what happens when sound has to go through different materials.

### Reception Maths

The children are learning about 1 more/ 1 less and have been looking at 3D shapes and their properties.

## ICE ZONE

We are continuing to learn about Africa and the animals that live there.

### Reminders

**PE kit:** Plain white T shirt ,black shorts and black plimsolls. PE is Tuesdays, Wednesdays and Thursdays each week.

**Outside Equipment:** Just a reminder, please do not allow younger children to play with or remove outside equipment that has been set up for the start of the day.

**Hot Weather** Please make sure that your child comes to school with a sun hat, water bottle and rain coat.

## Literacy

The children are enjoying writing lists, postcards, stories, information writing and lovely stories, as well as writing Book Reviews to help their peers choose a book!

**Reception** have been doing some fantastic observation drawings using a variety of media.

### Daily Reading

Please continue sharing a book with your child....

**Homework:** Please remember homework needs to be done in pencil. One Literacy and one Maths is due in every Monday.

**School Trip Money** We are getting very excited about our trip to the zoo. If you have not returned the form and money, please do so soon and if you have any issues please speak to the class teacher or office staff.
