# Bikeability Level 1 & 2 Cycle Training Course

## Parental Information

## Bikeability

Bikeability is the only approved cycle training programme supported by The Department for Transport. ### There are three Bikeability levels:

Level 1 takes place in an off-road environment and teaches riders how to control and master their bikes

Level 2 gives participants on-road experience in residential traffic to help them prepare to make short journeys by bicycle

Level 3 teaches individuals the skills to ride effectively on more complex roads and in further challenging traffic situations.

## Level 1 & 2 Course Consent Form

I understand that:

- It is my responsibility to use the 'Bike and Helmet Checklist' to ensure my child's bike is roadworthy and their helmet is fitted correctly. The instructors may refuse to train my child if they deem his/her bike and helmet to be unroadworthy (instructors cannot make adjustments due to social distancing measures);
- It remains my responsibility to ensure my child does not ride an unroadworthy bike and if in doubt as to whether a bike is roadworthy, I will seek the advice of a professional mechanic;
- Instructors may at any time refuse to continue to train my child if his/her behaviour or cycling ability is deemed unsuitable, (including breaking social distancing rules);
- Outspoken Training is not responsible for any injury or any loss or damage which is not caused by an instructor's negligence;
- Outspoken Training are following current government guidance on Covid-19 and will constantly be updating and amending their policies and procedures to any changes made; and
- It is my responsibility to inform the school if anyone in our household is isolating or shielding due to Covid-19 before or during the training.

I agree for my child to wear a helmet which I will provide. I understand Outspoken Training will not be held liable for any injury which may be caused by wearing a helmet. The instructor will advise on the fit of the helmet but will not necessarily be able to judge from its appearance if it is in good condition.

I recognise that participating in cycle training does not mean it is safe for my child to ride independently. To become a proficient cyclist takes more practice and experience outside of lessons.

I agree that pupil data collected will be shared between your child's school, Outspoken Training and Cambridgeshire County Council. This will be used to support the delivery and monitoring of training courses. More information on how Outspoken Training processes data can be found in their 'Privacy Statement' on their website.

Photography and filming may also take place solely for the purpose of advertising and marketing for Outspoken Training.
