Medical notes and Dietary Requirements

Dear parents,

We are currently updating our records regarding your child's medical notes and dietary requirements.

Please can we request that any updates to your child's medical history are updated via the school office as soon as possible.

Please can we also request that you inform the school immediately if there have been any changes in dosage or frequency of the medication that is stored in school (for example - asthma pumps.)

A new "Parental agreement to administer medicine" form will need to be completed.

Please can we also request that any dietary requirements are updated via the school office as soon as possible.

- These are medical dietary requirements supported by a doctor's diagnosis, with supporting documentation. (For example, a peanut allergy or dietary intolerance.)
