

WINHILLS

Year 3 and Year 4

Fortnightly Newsletter

Year 3

English

Year 3 have been finishing the book Jemmy Button in class. They have been innovating their own stories using the book as inspiration and have created some brilliant stories using carefully chosen adjectives.

Maths

The children have been building on their knowledge of addition and subtraction. They have moved on to written methods alongside concrete objects to build their understanding. They then used their skills to solve tricky problems involving adding and subtracting.

Science

In science, Year 3 have been learning about fossils and soil. They have been creating their own fantastic dinosaur fossils and have been investigating soil and its permeability.

Year 4

English

Year 4 have been reading the book The Iron Man in class. They recently wrote exciting newspaper articles about the 'evil' Iron Man stampeding around St Neots! They effectively used quotes and vivid description to produce wonderful writing.

Maths

The children have been working hard recapping on the written methods for addition and subtraction. They then used their newly revised skills and applied them in tricky word problems.

Science

In Science, Year 4 have been investigating different organisms. Most recently, they used and then created their own classification keys involving a variety of living things.

ICE Zone

The children are producing wonderful ICE zone work. They are fully immersed in everything Tudor and are now the experts! We have been really impressed with the quality of writing that they are producing. After half term, we would love to invite parents and carers in to share in their learning. Look out for the letter after half term.

Reminders

Please make sure that the children have warm clothes with them everyday as they are going outside to learn!

A reminder that we hand out the English homework on a Wednesday. This is due in on a Monday. Lastly, please make sure the children are completing 1 hour of maths whizz a week and reading every night! We will be checking reading journals every week.
