

WINHILLS

Year 3 and Year 4

Fortnightly Newsletter

Year 3

English

The children have done a brilliant job of learning two poems to perform at the St Neots Poetry festival. They have also changed 'On the Ning, Nang, Nong' to make a new poem with the same structure.

Mathematics

Telling the time can be tricky so the children have been working really hard at reading both analogue and digital clocks to the nearest minute. Please encourage them to practise as much as possible at home.

Science

The children have started an investigation to find out how well plants grow if they are deprived of one of the conditions for growth—light, water, soil and air. After 4 days, they were very shocked that the plant with none of these seemed healthy.

Year 4

English

The children have now written a persuasive letter to Mr. Turner asking for an end of term tea party, we will be sending these to him this week!

For the last few weeks, we are going to use Roald Dahl's book 'The Twits' as our class text! We will be writing some character descriptions next week.

Mathematics

Year 4 are now in the middle of their Statistics unit. The class have interpreted data from a range of graphs and will now be creating their own all about the different types of animals that the children own.

Science

Year 4 have now finished their unit all about Circuits. To finish the year, they are now going to be taking part in a few experiments that could get messy!

ICE Zone

Thank you so much to those of you who came to our ICE Zone open afternoon. Everyone (adults and children) seemed to enjoy themselves and we thank you for your positive feedback.

Reminders

We have lots of reminders at this busy time of year! Please remember hats and water bottles each day.

- Monday 2nd—Year 3 will perform at the St Neots Poetry Festival in the morning
- Tuesday 3rd— DVD evening after school
- Thursday 5th—KS2 Sports Day in the morning
- Friday 6th—Year 3 trip to Kew Gardens—a reminder letter with details, times etc will follow next week.

The following week (9th and 10th) Year 3 and Year 4 will perform in the KS2 performance of 'Pirates of the Curry Bean' at 6pm. If you do not yet have tickets, please talk to the school office as soon as possible. The words and music for children to practise is on the Quartz class page of the school website.
